Half Yearly examination Class XI

Library, Information and Society

Time: 2 Hrs. Answer All sections Max Marks 60

Section –A (Essay Question ) – 2x7-14 Marks

Answer the following question in 40 lines

1. Discuss the roles of the library in the development of Society?
   or

2. Define Academic Library? Write the name of different categories of Academic Libraries? Explain each category by stating objectives and functions.

Or

4. Explain the fourth Law or Library Science? Describe implication of 4\textsuperscript{th} Law of Library Science.

Section-B (Short Question) 5x4-20 Marks
Answer any Five Question in 20 lines

Q5. Define Library? Write the objectives and functions of Library.

Q6 Describe the barriers faced by library in playing the role for development of society.

Q7 Write the name of different types of Libraries. Define Public Libraries according to UNESCO public Library Manifesto? Write the functions of public Library.

Q8 Define National Library according to UNESCO? Write the objectives and functions of a National Library?

Q9 Describe the implication of first Law of library Science.

Q10 Describe the implication of fifth law of library Science.

Q11 Define Information? Explain the different types of information?

Q12 Explain the relationship between Data, Information, Knowledge and wisdom?

Section C (Very short Question) 8x2-16
Answer any Eight Question in 6 lines.

Q13. Write the importance of the Library?

Q14. Write the functions of School Libraries?

Q15. Which role of library do you consider most important and why?

Q16 Write the functions of special Library?

Q17 Define virtual Library? Write the advantages of virtual Library?

Q18 Define Digital Library? What are the characteristics of a digital library?

Q19 Who has developed the five Laws of Library Science? What are the different five laws of Library science?

Q20 Describe the Third Laws of Library science.
Q21 How open access in the library will help in implementation of the third Laws of library science.

Q 22 Define Data? Write the different qualities of data?

Q 23 What is Knowledge? Differentiate between tacit and explicit Knowledge.

Section D (Objective Question) 10x1=10 Marks

Fill in the blanks:

Q.24 Three Components of the Libraries are: Users, Staff and ___________.

Q.25 Three main functions of the Libraries are ________________, processing/organization, and dissemination of information/documents.

Q.26 khuda Bakhsh oriental Library is an example of ____________ Library.

Q.27 The name of National Library of U.S.A is ________________.

Q.28 The five laws of library science was first published in ________________.

Q.29 User is the ________________ whose time must be saved.

Q.30 The growth is of Two kinds in a living organism ________________ and ________________.

Q.31. On the basis of channels through which information is disseminated can be group as ________________, ________________ and ________________literature.

Q.32. The input of information is data and the output of processed information is ________________.

Q.33 The ________________ Knowledge is possessed collectively by the society.

Annual Examination Class XI
Library, Information and Society

Time: 2 Hrs Answer All Sections Max Marks-60

Section A (Essay Question) 2x7= 14 Marks

Answer the following questions.

1. What is a special Library? What are the purposes to establish a special Library? Write the objectives and functions of a special Library?

Or

2. Explain the fifth Law of Library science? Describe implication of 5th Law of Library Science?

3. What is communication? What are the different types of communication? Explain the different barriers of communication?

Or

4. Differentiate between Primary, Secondary and Tertiary sources of information? Explain five different categories of Primary Sources of information?

Section B (Short Questions)
5x4= 20 Marks

Answer any five questions.

Q.5 How Library plays an educational role for the development of society?

Q.6 What is a university Library? Write the objectives and functions of a University Library?

Q.7 What is a Digital Library? What are different advantage of a digital Library?

Q.8 How open Access helps in implication of third and fourth Laws of Library science?

Q.9 What is an information? Explain the different characteristic of information?
Q.10 Differentiate between Data, Information and Knowledge?

Q.11 Define tertiary Source of Information? Explain two different tertiary Source of Information?

Q.12 Write in brief about following:
   i. Current Awareness Service
   ii. Reference Service
   iii. Document Delivery Service

Section C (Very Short Question) 8x2= 16 Marks

Answer any eight questions.

Q.13 How Libraries help Researchers in doing their research work?

Q.14 How lack of coordination becomes one of the barrier of Libraries in playing the role for development of society?

Q.15 Define virtual Library? Write the functions of a virtual Library?

Q.16 Define hybrid library? Explain the different challenges faced by the hybrid Libraries?

Q.17 How obligation of the library Authority helps in implication of second Law of Library science?

Q.18 Explain second law of Library science?

Q.19 Define data? Write the different qualities of data?

Q.20 Write the different facets of communication as described by Warren Weaver?

Q.21 Explain ‘Indexing and Abstracting’ sources are secondary source or information?

Q.22 Define Information service? How libraries provide these services?

Q.23 Write the duties of library professionals?
Fill in the blanks.

Q.24 School Libraries help in inculcating _______________ in students.

Q.25 National medical library is situated at ______________.

Q.26 The Russian stole library is situated at _______________

Q.27 Five laws of library science was first published in ____________

Q.28 Information has played a vital role in the development of the __________

Q.29 Data → __________ → Knowledge → __________

Q.30 The information sources name been divided into two categories, namely __________ and _____________________.

Q.31 Patents is a ______________ source of information.

Q.32 Library is a ______________ printed organization

Q.33 The first school of library science was founded by ________________.

## Half yearly examination

**Library Classification and Cataloguing**

Time: 2 Hrs. Answer all sections  
Max Marks 60

### Section A (Essay question) 2x7=14

Answer the following question:

Q.1 Define Catalogue? Write the need and purpose of the Library Catalogue. What are the different points must be kept in mind during the preparation of the catalogue?

or

Q.2 Describe AACR 2 and CCC catalogue codes? Explain the different level of description in AACR 2?

Q.3 Explain the format of AACR 2. Discuss the different parts of a main entry of AACR 2. Sketch an outline for a main entry of a dictionary catalogue according to AACR 2.

or

Q.4 What is an Indexing Language? Discuss the two different types of Indexing Language? Explain PRECIS indexing System.

### Section –B (Short Question) 5x4= 20 Marks

Answer any five questions:

Q.5 Describe Library Catalogue? What are the objectives of the Library Catalogue?

Q.6 Discuss the different forms of Library catalogue?
Q.7 Explain MARC 21 format? Explain the different sections of data in MARC 21 format.

Q.8 What is variable data field in the MARC 21 format? Write the primary group of variable fields in Marc 21 format. Write the minimum variable field required for book cataloguing?

Q.9 Sketch an outline of the main entry under the title of the work and Added entry according to AACR2.

Q.10 Differentiate between Pre-Coordinate and Post-Coordinate indexing system and mention the example under each heading?

Q.11 Write short notes on each of the following.
   a. KWIC
   b. KWOC

Q.12 What is a Subject Heading? Explain Sears List of Subject Heading?

Section-C (Very short Question) 2x2=16

Answer any eight questions:

Q.13 What are the basic elements included in the main entry of AACR 2?

Q.14 Explain the different approaches of the Users/Readers to locate the book in a library?

Q.15 Why computerized Catalogue display vary from library to library? What is a guide card?

Q.16 What is cataloging? Define catalogue codes? Why the catalogue code is important in cataloguing process?

Q.17 Define the following
   1. Field Tag
   2. Indicators
   3. Subfield code

Q.18 What are the contents of Tracing section of AACR2? Why it is important?

Q.19 what is an index? Discuss the need and purpose of subject Heading?

Q.20 Explain the chain procedure of indexing system.

Q.21 Explain the POPSI indexing system?

Q.22 How the language Compatible gap between information seekers and information providers can reduced?

Q.23 Discuss the Filing order used in Library of Congress subject heading?

Section-D (Objective Question) 10X2=20 Marks
Fill in the blanks

Q.24. The word ‘catalogue’ comes from the Greek Phrase ‘__________________’.

Q.25. The standard size of a catalogue card is ______________.

Q.26. Full form of OPAC is ________________.

Q.27. An entry number in the stock Register, after receiving the documents in the Acquisition Section, is ________________.

Q.28. The full name of Dr. S.R. Ranganathan is ________________.

Q.29. Dr. S.R Ranganathan was born in the year ________________.

Q.30. The first edition of AACR was appeared in ________________.

Q.31. Chain procedure indexing system is developed by ________________.

Q.32. POPSI was designed by ________________.

Q.33. The latest edition of LCSH is ________________.

Library Classification and Cataloguing

Time : 2hrs

Max Marks-60

Answer all sections

Section A  (Essay Question)  2x7= 14 Marks

Q.1 Discuss about Classified Catalogue Code? Discuss AACR-2 Code, its structure and different levels of description?

Or

Q.2 Discuss about Library of Congress Subject Heading (LCSH)? Explain the formation of subject heading through LCSH for : i. Single word Headings and ii. Phrase headings?

Q.3 Write the different modes of formation of subjects? Explain Lamination and Loose Assemblage modes of formation of subjects with example?

Or

Q.4 Explain five fundamental categories of subject, with suitable example, as described by Dr. S.R Ranganathan?

Section B (Short Question)  5X4= 20 Marks

Answer may five questions.

Q.5 Define a library catalogue? Why it is important? Discuss the different points must be kept in mind during the preparation of the catalogue?

Q.6 Discuss the different records in MARC format? Explain the different sections of data in MARC record?

Q.7 Write the uses of Indexing Languages? Discuss briefly uncontrolled and controlled indexing language?

Q.8 Explain the formation of subject heading, through Sears list of subject heading (SLSH) for : i. Single word heading, ii. Phrase heading and iii. Compound Headings?

Q.9 Define library classification as described by Dr S.R Ranganathan? Discus its need and purpose?
Q.10. Write briefly about universe of knowledge? Explain the different categories of universes of knowledge?

Q.11 Discuss briefly about Library of Congress Classification Scheme, Universal Decimal Classification scheme (UDC) and Colon Classification scheme (CC)?

Q.12 Write the different steps in technical processing of documents. Explain the different Components of a call number?

Section C (Very Short Question) 8X2 = 16 Marks

Answer any eight questions.

Q.13 What is a catalogue? Write the different objectives of a library Catalogue?

Q.14 What are the basic elements/information included in the simplest form of main entry of AACR-2 code?

Q.15 What are the minimum required field for book cataloguing as per MARC 21 format?

Q.16 Write a brief note on POPSI?

Q.17 Match the following:

A
1. 1st ed of DDC is published
2. 1st ed of CC is published
3. International Classification is published in
4. Classification Research group is formed in

B
1952
1961
1876
1953

Q.18 Write a brief note on APUPA Pattern?

Q.19 Match the following

A
1. Library of congress classification (1st)
2. Universal Decional Classification (1st)
3. Subject classification
4. C.A Cutters expensive classification

B
1979
1906
1901
1905
Q.20 Write the different punctuation marks and mathematical symbol used in Universal Decimal Classification Scheme?

Q.21 What are the functions covered under physical processing of books? What are the different places of a book where Ownership stamp should be affixed?

Q.22 Write a brief note on labelling of a document? What are the different elements included in the Ownership slip?

Q.23 Write a brief note on accessioning of a book? What are the different fields entered in the Accession Register?

**Section D (Objective question) 10x1=10**

**Fill in the blanks**

Q.24 The number of a catalogue cards in a catalogue trays should be between ____________

Q.25 The 5th edition of Classification Catalogue Code was published in ____________

Q.26 PRECIS was developed by ____________

Q.27 Key-Word in context (KWIC) was introduced by ________________

Q.28 The book titled ‘Organization of knowledge in libraries’ was written by ____________

Q.29 The 1st edition of DDC was of single volume with ____________ page

Q.30 Bibliographic Classification was developed by ____________

Q.31 An Ownership slip (i.e. book Plate) is pasted on the ______________ of the book.

Q.32 Accession no. of a book may be written on the title page, last page of the book and on ______________ page of the book.

Q.33 The DDC uses decimal numbers, i.e. ____________ to divide the entire knowledge into 10 main classes.
Answer

17. A  B
   i.   iv
   ii.  iii
   iii. i
   iv.  ii

18. A  B
   i.   iii
   ii.  iv
   iii. ii
   iv.  i

24. 1000-1500
25. 1964
26. Derek Austin
